

- Model : GDS-22N1
- Brand : Taibang Industrial Control TBGK
- Material : mixture
- Origin : Mainland China
- Output model category : switch sensor
- How it works : Inductive sensor
- Applicable scenarios : automation equipment
- Sensor Category : Proximity Sensor
- Weight : 200g
- Dimensions : 68x39x20mm
- Working current : 0.2A
- Working voltage : 24V

## 1. Dimensions (unité: mm)
